Workshop 6
Topic Modeling

Exploration Task

- Time allocation: 2 hours
- Team of 2
- Research on the following topics.
  - What topic modeling is used for and why would we want to perform topic modeling on a collection of documents?
  - What are algorithms that people use to perform topic modeling?
  - How do we evaluate topic models?
- Prepare the slides that summarize your findings and cite all sources.
- Present your work before 12:00pm
